### TERMS OF SUBSCRIPTIONS:

One year.....\$3 00  
Six months.....1 50

Most of the people who wanted to reorganize the Democratic party at once have decided to postpone getting to work for some three years or so.

The people of Los Angeles have subscribed \$60,000 for free baths, at which the Clifton Era ejaculates:—My, but there must be a dirty lot of people in Los Angeles.

The twenty-first legislature will convene at Phoenix on January 21. It will consist of eight democrats and four republicans in the council and fourteen democrats and six republicans in the house.

Curt W Miller of the Tempe News and John Bidno of the Safford Guardian are after the chief clerkship of the assembly and council respectively. It would be an honor worthily conferred on two loyal Democratic workers who did much service during the campaign.

There isn't much romance left in the world nowadays. A Virginia judge has decided that a woman may be the head of the house if she foots the bills, and a Chicago judge had held that presents given under the influence of love's young dream must be returned when Cupid halts and Hymen blows out his torch.

The Flagstaff Gem talks good sense when it says: "We are opposed to the removal of the penitentiary at this time, as the territory has enough of indebtedness without creating more. Let the Legislature legislate for the general good of the territory and not for nor against certain localities."

Mayor Harrison of Chicago has asked the city council to provide \$20,000 to maintain a municipal lodging house where 300 destitute may find warmth, comfort and baths. The mayor believes vagrancy and crime may thus be economically abated. Hunger and discomfort not only cause theft but murder. Many a desperate man has committed crime while suffering for the necessities of life, when a little food and a shelter would have prevented. There is much of the animal, physically, about a human being, and hunger is the devil that invites crime. To this many women owe their ruin and men their honor. There are objections to public generosity in that it deprives some of an incentive to work, but certainly one man or woman rescued from falling into a life of crime is worth the expense of undeserved charity to many.

### NEW CUSTOM HOUSE

Cochise County to Have Another Sub port.

The El Paso Times of last Tuesday contains the following: W. E. Pulliam, special agent of the United States treasury department, with headquarters in this city, has returned from a trip into Arizona. He went for the purpose of inquiring into the matter of establishing a new customs station on the border of Arizona and Sonora, where the new Bisbee railroad will cross the frontier. A new town has been laid out at this point and will be known as Douglas after the president of the Copper Queen Mining Co. It is situated in the Nogales customs district, which includes the entire territory of Arizona. The new town will have a customs station, it being necessary to secure a special act of congress for the establishment of a new port or support of entry. Mr. Pulliam's district includes the two collectors' district of El Paso and Nogales, or all of New Mexico, Arizona and western Texas.

A Phoenix doctor sued a client for \$2,000, alleged to be due for professional services. He reduced the amount after suit was brought to \$300 and the jury not to be out done by the doctor's generosity made a further reduction of \$280, rendering a verdict for \$30.

## BISBEE JOTTINGS

BISBEE, Dec. 2, 1900  
COPPERING.

Mr C Rogers of Los Angeles has arrived and will take charge of the tin ware department of the Copper Queen store.

Arrivals at the Bessemer—E E McVeagh, G J Davistein, J M Fredburg, J H Lakill, B Friggle, Harry Hall, Max S Friedman, St Louis; Louis Robenstine, Phoenix, Mrs E Auburg, Los Angeles.

Mr and Mrs J H Machomich (nee Maud Walsh) who for the past three months have been located at Naco, in the interest of the Copper Queen Co., expect soon to be transferred to the Nacosari branch.

John Vanpool, who was accidentally struck by a flying bullet from a 22 cal. rifle on Thanksgiving Day, is still suffering much pain from his wound. The missile has not yet been extracted.

Mr and Mrs L F Hammer gave a pleasant reception to several of their friends on last Thursday evening. Among those who enjoyed the hospitality of the host and hostess were Mr and Mrs Claude Smallwood, Miss Pfaffenberger, Mrs Bledsoe, et al.

Mr. Chas Kuhlman, who for the past six months has been in charge of the gent's furnishing department at the Copper Queen Co.'s store has resigned his position here and will accept a similar position at the Nacosari store, Sonora, Mexico.

The Cochise Review made its initial bow as a weekly yesterday, December 1st. Mr W B Kelly, late publisher of the Arizona Bulletin, has purchased the Review, and as he is known to be a first class all round newspaper man the people of Bisbee will undoubtedly have a good home paper.

A number of hard looking "mugs" roam over the streets at night and some attempts at house breaking have been made. The police are taking every precaution to apprehend the guilty ones and citizens are prepared to handle the festive footpad rascals.

Arrivals at the Norton house—E A Seegar, Delaware, O.; J B Minnes and wife, Denver; Geo H Canfield, Texas; A S Canett, Texas; W Locais, J Brown, B Bartlett, Hot Springs, Ark.; W E Howell and John Carr, Los Angeles.

BISBEE, December 3, 1900.  
COPPERING.

Date Graham left for Tombstone yesterday.

C. P. Nichols returned from Tucson today.

Mr. Mock, train dispatcher for the A & S E has gone to St. Louis, Mo.

Jack Frost is a daily morning visitor of late. The indications are for a cold winter.

The Thanksgiving ball given by the Cemetery committee was a great financial success, but the amount has not yet been stated.

The man who broke jail and levanted made a bee line for the Mexican side of Naco, where he is still located and likely to remain unless extradition proceedings are commenced, which it is said is not likely, as nothing definite is known of the crime for which he was arrested.

Bate Ludwig Von Sitter, of the furniture department of the Copper Queen store, was the guest of a party of friends on Thanksgiving night.

It is reported that an Episcopal church will soon be erected here and the building will be of spacious dimensions. The name of the new church will be St. Johns.

Harry Hall, the well known and popular hardware drummer, came in on yesterday's passenger. Mr. Hall is suffering from a slight indisposition caused by a chill. He hopes to be up and around in a couple of days.

It would surprise one who would visit Bisbee now after an absence of even six months, to see the number of new dwelling houses which have been erected in various parts of the town. Clawson's hill is now almost covered with slightly residences. Those who have built there include Mr. William Long, Mrs. C. Elliott, Wm Pritchett, Supt. Merrell, of the Lake Superior and Western Mining Co., and A. W. Clawson. On school hill among those who have recently built are L. D. Hunt, Geo. Trezize, John James, W. B. Brown and the Methodist church.

A movement is on foot to start an Elks' Lodge here. The charter list already contains the names of about twenty signers, all of whom are representative men.

BISBEE, Dec. 4, 1900  
COPPERING.

A great many of our citizens are in Tombstone on jury duty and more will follow.

John Vanpool who was shot Thanksgiving day by small boys, accidentally, is in a very precarious condition. The bullet has not yet been extracted.

In connection with the contemplated building of an Episcopal church here in the Spring it is thought that the Murray property, which is owned by the church, is the best site available and will probably be selected for the edifice. It is to be a Gothic structure of brick and stone.

One of the greatest events of Bisbee since the discovery of the rich copper deposits is the construction of the South Western railway to Nacosari. It must, of necessity, contribute a great deal to the business and prosperity of Bisbee. It will pass near and over some very valuable mining property for about twenty-one miles to the new border town of Douglas, and then runs north east in the direction of Sagar on the S. P. and thence into Mexico.

The school library fund has exceeded the most sanguine expectations and liberal donations have been made by both patrons and friends. Up to the end of the week Tuesday, \$125 had been received besides a set of 20 volumes of Marryat's works. Claude Smallwood, the principal of the school, and the teachers Mrs. Dyer, Miss Cassin, Miss Minus, Miss Davis, Miss Pfaffenberger, Miss Hill, Miss Warning and Miss Stowe deserve the greatest praise for their indefatigable efforts on behalf of the school library.

From Monday's Daily.

Supervisor-elect Thos York is in today on court business.

The first issue of Kingman's new paper, "The Arizona Arrow," will appear next Saturday.

No difference how mean a man is, his name looks all right on a check if he has money in the bank.

A Salt River valley farmer planted 60 cents worth of peanuts this season and last week he dug up over eight bushels from the investment.

There is an American army of 70,000 men in the Philippines. What they are doing there no man can find out without a telescope and a search warrant.

The Phoenix Indian school team defeated the eleven from the University of Arizona, Thursday afternoon at Phoenix. The score was 6 to 0, and about 2500 or 3000 witnessed the game.

The Southern Pacific has been cutting rates. This is causing a feeling of unrest among railroad officials, but a real, live rate war would not be a bad thing for Arizona.

According to the Star, Jos Bignon and Miss Ellen McGowan, both of Pearce, were married at Tucson Sunday. Joe is well known in Tombstone and the southwest and all join the Phoenix in extending congratulations.

Tombstone is filling up with jurors, witnesses and court attendants. Thirty five people arrived this morning from Bisbee, as many more will come tomorrow, besides the rest of the county is also well represented.

The Can Can today received a large consignment of delicacies, etc., with which to supply their table during court. The Can Can cuisine is famed for its excellent service, and the high standard is being continually maintained.

The republican newspapers are beginning to talk about a change in territorial officers and some applicants are reported to be after the postoffices, U S marshals, etc. The prospect for a change is very slim.

A T Schuster has formally opened his restaurant at the Mason Doree place. Mr Schuster is an excellent caterer and will supply the best of meals to his patrons.

The Commonwealth at Pearce have just finished one of the finest 80-ton stamp mills in the west. Twenty stamps began work on Thanksgiving Day, and yesterday 10 more stamps were in operation. The full complement of 90 stamps will be in full blast within a short time.

Col Guan Sang, celestial, was buried with high honors at Clifton Wednesday. A Mexican band of fifteen pieces headed the procession and a large number of Chinamen followed, carrying banners of various designs. All of the colonel's worldly goods, a roasted pig, firecrackers, joss sticks, bedding, etc., were put in the grave with the corpse. Guan Sang died suddenly while seated in a chair.

It is reported and believed here, says the Safford correspondent of the Star, that active work will begin in the coal fields very soon, as it is known that Senator Hanna and other eastern capitalists, who were busy with election affairs are interested in the deal and now that the excitement of the political battle is over, it is expected that the plans that have been formulated for the development of the coal mines will be carried out.

THE END OF THE WORLD 1914

A famous scientist predicts that the world will come to an end in 1914, basing his calculations on the revelations of the Bible. If this is so, it is well for us to get what pleasure we can out of the few years that remain for us to live. One of the surest ways to enjoy life is the possession of good health and a well regulated stomach. Hostetter's Stomach Bitters will enable anyone to obtain this. It is the greatest medicine for the cure of all that arise from a bad stomach, it cures dyspepsia, constipation fever and ague, malaria, rheumatism and insomnia. No other medicine can show a record equal to Hostetter's Stomach Bitters, the standard medicine of the American people for over fifty years.

From Tuesday's Issue.

Merchants have brought on a larger variety of holiday goods than at any time before. It is not necessary to leave home this year to get handsome presents.

Sylvester Porter and Jas. Scow are representing Dos Cabezas on the trial jury and incidentally watching each other that they can attest the good behavior of the other when they return home.

New attractions are being supplied at the various saloons for the court attendants. Many games of chance have been opened and a piano and female songstress added to the list today.

The Press says the second artesian well now going down alongside of the one first drilled by the S P Co at Benson, is now down 760 feet, and it is to be continued still further, the purpose being to test the flow at lower depths.

Lydia E Pinkham is dead. His thousands of friends will be interested to hear that he was a man of mature years, in view of the fact that he posed for so long as an image of comforting womanhood in the advertising columns of our daily press.

There are numerous visiting attorneys in Tombstone who are in attendance at court, among them is noted M. A. Smith, O. T. Rouse, W. H. Barnes and Chas. Blenman of Tucson, O. Gibson of Wilcox, J. M. Connell of Bisbee and Frank Cox of Phoenix.

A surprisingly large number of trial jurors were excused today, each giving a good and sufficient reason to Judge Davis, who allowed them to depart. A special venire of 50 jurors was necessary to supply the deficiency of excused jurors and unserved subpoenas.

Mark Smith, Arizona's delegate-elect to congress is in Tombstone in attendance on court and receiving the greetings of his many friends here. Mr. Smith is here to assist in the prosecution on the Page case. After court he expects to go to Washington and lend assistance to Delegate Wilson in the effort to secure statehood for Arizona at this session. Our Mark never loses an opportunity to do good work for Arizona.

The Press is informed that 40,000 head of cattle were loaded at and shipped from Benson in the month of November.

The item which appeared in the Star some weeks ago stating that Dr. Goodfellow had assumed control of the hotels of the Southern Pacific system is an error. Dr. Goodfellow has nothing whatever to do with the management of the hotels of the Southern Pacific system; is surgeon for the Santa Fe Railroad Company, is located in San Francisco where he proposes to remain and pursue the practice of his profession.

### ANOTHER OIL FIND

While Sinking For Artesian Water Near Safford

At a depth of 690 feet genuine petroleum has been encountered in the Gila valley. About eight miles south of Safford, near the Cienega, the latter part of last week O C Scarborough struck a strong flow of oil, the genuine petroleum at the depth mentioned. At the depth of 900 feet he encountered a strong flow of water. He is going on down with the well for he is thoroughly convinced that he will find more veins of oil as he goes down.

This is the first oil found, but Mr. Scarborough says he is firmly convinced that oil exists here in large quantities.—Graham Guardian.

Says the West Baden Journal: One of our subscribers wants to know the difference between a salary and wages. It is this: If a man is getting \$1 a day for running a machine, laying brick on a wall or doing something that makes a white collar and cuffs uncomfortable, he is getting wages. If he sits at a desk and gets six dollars a week, has soft hands, wears white cuffs, collar and tie, he gets a salary.
